

SweetArts Ball 2022

Event Date: February 11, 2022

Since 1984, the CAC has honored the artists, performers, educators, philanthropists, and art patrons who shape our arts and culture community at the annual SweetArts Ball. Unlike any other gala or ball, SweetArts puts artists at the center of the celebration; offering an experience with unique flair that spans art forms, including curated food and beverage offerings.

The Contemporary Arts Center Presents: SweetArts Ball 2022, "Through the Astral Plane."

SweetArts celebrates and honors the contributions of New Orleans' exceptional artistic leaders while highlighting the work of contemporary artists in our community. This year's gala is a multi-sensory journey that bends time and postulates possibilities of the future as created and fostered through art, fashion, and music. A journey that begins with a glimmer of light, that projects your soul through the prism of art and space. SweetArts 2022, Through the Astral Plane will shift your soul from your physical form and send you across the universe. Together we will toast leaders in the field while witnessing immersive performances by some of the city's most exciting talent.

Returning to a large gala event, SweetArts will take place at the CAC's Besthoff Building. As guests enter, they will be brought to life through the astral plane, and can expect variety in their evening through epicurean, visual, and live musical experiences, highlighting the CAC's dedication to presenting the art of our time. Join us for an explorative and illustrious evening at the CAC.

SweetArts 2022 expands and deepens our network of patrons through a personal, artistic, and authentic expression of the CAC as a touchstone for contemporary art in New Orleans.
